SAW OPERATOR

Department: Manufacturing
Reports To: Operations Manager
FLSA Status: Non-Exempt
Updated: 05.08.18

Working at Eckhart is an opportunity to directly impact the future of American manufacturing. We are an Industry 4.0 leader committed to developing advanced manufacturing solutions that enhance the quality of life. Our AUTOCRAFT™ autonomous guided vehicles and FLEXCHECK™ collaborative robotic error-proofing systems lead the market in reliability and dependability. Our suite of solutions includes AGVs, collaborative & traditional robotics, 3D printing, conveyance & automation, highly engineered weld fixtures, lift-assist & ergonomic tooling, and mechanical & electrical engineering services. Our solutions improve employee safety, product quality, and productivity at the largest companies in the world.

Eckhart invests in people because we believe it is our people who differentiate our solutions and our company from our competitors. For over 40 years our company has committed dedicated creative minds to conceptualize and design custom manufacturing solutions for industry. Our customers span medical devices, food, consumer packaged goods, aerospace, automotive, industrial machinery, commercial construction, household appliances, and farm machinery & heavy trucks. We thrive solving our customers' most difficult problems and find satisfaction when customers receive safe and efficient turn-key solutions that enhance their quality of life.

Description

Saw Operator assists & supports the production of ergonomic assembly tooling equipment. We manufacture general assembly fixtures including door carriers, instrumental carrier and lift assists to a wide customer base throughout North America, within a highly competitive industry. As the Saw Operator, you will be instrumental in providing quality work while maintaining a safe work environment and adhering to Eckhart policies and procedures.

Essential Duties and Responsibilities:

- Set up, adjust and operate a variety of equipment including an automatic, programmable or manual Saw and Drill Press.
- Load & unload raw materials on a Saw with use of overhead crane.
- Interpret blueprints to perform precise measurements with tape measure and calipers.
- Take pride in the quality of their work and servicing customers
- Detects and reports defective materials or questionable conditions to supervisor.
- Will work closely with other team members to accurately fulfill customer orders on time.
- Maintain a clean and organized work environment
